

Advance-Nilfisk Parts

Advance-Nilfisk Part - Think about how long and tiresome it will be to clean-up after a party, without help from machines. Previously, the dust from upholstery and carpets had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in 1906, he began to make motors so as to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the start was to have a global business advertising products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by one individual because it only weighed 17.5 kilos! This invention came in a time where various cleaning equipment were very big and required at least 4 operators, therefore, the Nilfisk C1 changed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing problem; stuff get dirty and need to be cleaned regularly, without too much effort.

Little by little, the business Nilfisk-Advance developed throughout the years. In the early 1980's the business expanded more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the trade, trying to be an active global player in manufacturing professional cleaning machines. Nilfisk-Advance is presently found in every part of the globe by gradually acquiring a lot of small companies in order to expand their product portfolio and presence in new markets. They are proud to present a range of cleaning solutions to meet every requirement.
